Notes

All figures from official denominational yearbooks.

^(a) The losses in the 1960-1965 period result from decisions of 1,000 Congregational Christian Churches not to unite with the United Church of Christ.

^(b) School totals for churches not reporting Church School Enrollment since 1992 are not included in the Church School total for 2003.

^(c) Effective 1992, the membership numbers of churches coded as inactive are no longer included in the total membership figures.

^(d) Pre-1961 figures are combined for the Congregational Christian Churches and the Evangelical and Reformed Church.

^(e) Christian Education/Faith Formation refers to Church School Enrollment for all figures before 2007.
